Practice Test

NC State and Local Government

Note to teachers: These unofficial sample questions were created to help students review state and local government content, as well as practice for the Civics and Economics EOC. The questions are based on the various lesson plans in the Civic Education Consortium’s Database of Civic Resources, as well as the NC Standard Course of Study. However, these practice questions are not meant to influence teachers in the content they choose to focus on in class, nor do they reflect any knowledge of questions that will actually appear on the state’s EOC.
